Subject: Delayed Harris Landfill Groundwater Results
To: lutfyre@wastenot.ehnr.state.nc.us
Copies to: bob.wilson@cplc.com (bob wilson)

As discussed over the phone, the groundwater analysis for the CP&L Harris Plant Landfill (Permit No. 92-10) may not be submitted within 60 days of sample collection. The contract lab is in the process of analyzing a missed parameter. We expect to have results to you next week.
